PROGRAMME HIGHLIGHTS

This MA Arts and Cultural Enterprise programme is the first-of-its-kind master's programme offered in both London and Hong Kong by **Central Saint Martins, a leading institute in arts and design education for 150 years.**

This programme has been developed specifically in response to an increasing need for multi-skilled individuals who can both generate the ideas for original arts and cultural events, and provide leadership for the teams that realise them. These individuals will be dynamic, responsive, fluent in public and private sectors, and have the ability to collaborate and develop networks. This MA programme aims to enable students to gain a unique skill and knowledge set to become active creators in arts management and cultural production, whether as entrepreneurs, or within larger existing cultural organisations, anywhere in the world.
